Description

WifiActiva is a global technology and software company focused on providing **managed connectivity solutions** and on maximizing its exploitation. We build and integrate profitable value-added solutions for our clients and their customers, taking full advantage of the possibility of connection.

With more than 10 years of experience in the sector and a **worldwide presence** (Europe, Asia, Africa and America), WifiActiva provides its customers turnkey solutions for **SmartCities, Tourism or Commercial Areas** based on technological innovation.

WifiActiva proactively responds to its customers' requirement by integrating the best and newest technologies in order to deliver complete, scalable, replicable and sustainable solutions, paying particular attention to **business model proposals** based on them.
